Jetstar GDS Guide

Ticketing

The Jetstar group of airlines permit Hahn Air (HR -169) e-tickets to be issued for Jetstar fares in more than 100 countries (incl. NZ and SG). To see if Hahn is assigned as Jetstar's ticketing agent in your country, please consult your GDS.

In Jetstar's Hahn ticketing countries please ensure fare quotes have HR as the validating carrier. Settlement of Jetstar fares on Hahn tickets will be between the ticketing agent and Hahn Air through the ticketing agent's local BSP/ARC.

The amount charged will be the fare on the ticket. Fares auto quoted and issued on Hahn tickets are guaranteed. Ensure

that you commit the booking and receive a confirmation back from Jetstar before you issue the ticket. The segment will be in confirmed status (HK) and you will receive the Jetstar record locator with an SSR comment stating the booking is confirmed, along with the Holds (time limit) that you need to ticket the booking before cancellation, e.g. "SSR OTHS ITIN CONFIRMED

- MUST PROVIDE PAYMENT. SUBJ CXL ON/BEFORE 01JUL 0825Z WITHOUT PAYMENT". Please ignore any amount due SSR comment, e.g. JQ AMOUNT DUE JQ AUD185.50, if you are issuing a ticket.

Jetstar Trade support cannot issue or re-issue tickets. All ticket handling needs to be performed by the ticketing agent or your consolidator. Ticketing questions should be directed to your GDS or Hahn support desk (service@hahnair.com).

Forms of payment

Ticketless bookings

Jetstar also accepts ticketless forms of payment directly via credit card / UATP or BSP.

Ensure that you commit the booking and receive a confirmation back from Jetstar before you issue the credit card or BSP payment entry. The segment will be in confirmed status (HK) and you will receive the Jetstar record locator with an SSR comment stating the booking is confirmed, along with the Holds (time limit) that you need to process payment by before cancellation, e.g. "SSR OTHS ITIN CONFIRMED - MUST PROVIDE PAYMENT. SUBJ CXL ON/BEFORE 01JUL 0825Z WITHOUT PAYMENT".

Jetstar will also return an SSR confirming the currency and amount due. e.g. JQ AMOUNT DUE JQ AUD185.50. This will be the actual amount charged to your credit card or BSP account by Jetstar (not what is quoted in your GDS pricing entry). The amount returned by the Jetstar SSR and what is initially quoted in your GDS pricing entry will however typically be the same.

Jetstar fare updates are distributed to GDS by a third party. Fare changes can take up to 24 hours before they appear in your GDS. During this time there may be a price difference between the amount returned by the Jetstar SSR and what is quoted in the GDS.

Ticketed bookings

Please refer to the accepted payments methods of the ticketing carrier.

Currency

- Jetstar bookings won't always be charged in the same currency as your GDS PNR
- If you're a registered agent of Jetstar and you're based in a country Jetstar operates to, Jetstar will generally use the currency where your office is located
- If you're not a registered agent of Jetstar, Jetstar will generally use the currency of the departure point of the first Jetstar sector in your itinerary

Changes

Ticketless bookings

Flight, date, time and name changes can be made through the GDS for ticketless bookings. To change a flight you should:

- Check the fares rules to ascertain what changes are permitted and if any penalty fees apply.
- Delete the old and add the new flight in the same transaction in order to be charged correctly.
- Re-fare quote the new segment to get new fare amount so you can estimate the fare difference.
- When you end the record a confirmation response (HK status) should be received against the new flight. Jetstar will return the amount due for the change in an SSR comment indicating fare difference and penalty fees, e.g. SSR OTHS JQ HK1 20JUL0829 SERVICE CHARGES NZD55.00 SSR OTHS JQ HK1 20JUL0829 TOT COST 134.00 AMT DUE 65.00 NZD
- These changes must be paid for by Credit Card or BSP payment at the time of the change (after you receive the Jetstar SSR comment. To do this you should re-add the Credit Card or OSAG line and end the booking.
- If you get a negative response, we will include an SSR explaining why. Generally, it's because the class sold is not available, and you may need to select another class.
- If you are experiencing any issues with the booking changes, please contact our [Trade Support live chat](#) team via the Trade Support or Travel Agents page at jetstar.com.

Please note: any changes made through Jetstar's Trade Support line will transfer ownership of the PNR to Jetstar. System synchronisation errors may occur if you make subsequent changes to the parent or child PNR through the GDS. Jetstar will not accept any responsibility for errors made through the GDS after the booking has been changed (and owned) by Jetstar.

Ticketed bookings

- Flight, date, time and name changes can be made through the GDS for ticketed bookings. Please refer to the fare rules for further details.

All changes require a ticket reissue with any penalty fees to be added (use DU tax code for HR ticketed bookings).
